12/31/2017 **Community Grant Program** **Walmart Foundation**
<http://foundation.walmart.com/apply-for-grants/local-giving>
 \$250 - \$2,500 The Walmart Foundation supports local, state and national organizations that provide opportunities for individuals and families to live better. Grants range from \$250 - \$2,500. Walmart and the Walmart Foundation have identified four core areas of giving: Hunger Relief & Healthy Eating, Sustainability, Women's Economic Empowerment and Career Opportunity. To ensure that your application has the best chance of being funded, the proposed use of the grant should fit within one of these areas of giving.

January 2018

1/5/2018 **AIAA Classroom Grants** **AIAA Foundation**
<https://www.aiaa.org/Secondary.aspx?id=4184>
 \$250 The AIAA Foundation believes that one of the most significant means to inspire and advance the future of Aerospace is to fund grants to meet the unmet and unfunded educational need of students. Each school year, AIAA awards grants of up to \$250 to worthy projects that significantly influence student learning.

1/15/2018 **ecoSolution Grants** **Captain Planet Foundation**
<http://www.captainplanetfoundation.org/grants/>
 \$250-2,500 IcoSolution Grants (previously called "Small Grants") have been the defining basis of Captain Planet Foundation's work over the last 25 years. ecoSolution Grants range from \$500-\$2,500 and are intended to support solution-oriented, youth-led projects that result in real environmental outcomes. ecoSolution Grants are available to educators working with youth in the United States. Please note that ecoSolution Grants will only support direct project costs. Support for t-shirts, staff salaries, field trips, scholarships, beautification/ landscaping, etc. will NOT be considered.

1/15/2018 **ecoTech Grants** **Captain Planet Foundation**
<http://www.captainplanetfoundation.org/grants/>
 up to \$2,500 ecoTech Grants were created to combat the notion that students needed to choose between "the screen" or "the green" and to encourage educators and students to explore the role technology can play in designing and implementing solutions to some of our most pressing environmental challenges. We believe that technology can present innovative ways to address environmental challenges – and that when dealing with digital natives, we do ourselves a disservice by asking them to unplug. Examples of previous ecoTech Grant funded projects have involved: the integration of robotics and sensors to explore water bodies, collect data, and organize clean-ups; the development of aquaponic and hydroponic systems using arduinos and remote sensing; renewable energy design challenges; biotechnology research; nature-based design applications; and many others.

1/15/2018 **Community Action Grants** **American Association of University Women**
<http://www.aauw.org/what-we-do/educational-funding-and-awards/community-action-grants/>
 \$2,000-10,000 Community Action grants provide funds to individuals local community-based nonprofit organizations for innovative programs or non-degree research projects that promote education and equity for women and girls. •One-year grants (\$2,000-\$7,000) provide seed money for new projects. •Two-year grants (\$5,000-\$10,000) provide start-up funds for longer-term programs that address the particular needs of the community and develop girls' sense of efficacy through leadership or advocacy opportunities. Topic areas are unrestricted, but should include a clearly defined activity that promotes education and equity for women and girls. Applicants must be women who are U.S. citizens or permanent residents. Special consideration is given to projects focused on K-12 and community college girls' and women's achievements in science, technology, engineering or math.

1/15/2018 **ecoSTEM Kit Grant** **Captain Planet Foundation**
<http://www.captainplanetfoundation.org/grants/>
 1 STEM Project Kit Captain Planet Foundation's ecoSTEM Kits were curated to engage students in project-based learning, including observing phenomena, conducting inquiry investigations, making models, collecting data for citizen science projects, creating solutions to engineering challenges, and conducting environmental stewardship projects to solve real-world problems. Each kit contains supplies for 32 students.
 Choose from 4 exciting kits, for use with Next Generation Science Standards, GA Standards of Excellence in Science, and state standards in Three-Dimensional Science. In addition to being available through DonorsChoose.org and for direct sale, a limited supply of kits are available as Material Support Grants through CPF.
 • Limit 1 kit per application

1/22/2018 **Award For Excellence in K-8 Earth Science Teaching** **American Geosciences Institute**
<http://www.americangeosciences.org/education/awards/roy>
 \$2,500 + NSTA Conference The award is designed to recognize one teacher of grades K-8 (or the United Kingdom equivalent) each year for his or her leadership and innovation in Earth science education. The award consists of a \$2,500.00 prize for the winning teacher and a grant of up to \$1,000.00 to enable the recipient to attend the National Science Teachers Association (NSTA) Annual Conference in March 2015 to accept the award. The winning teacher and his or her school each will receive a plaque of recognition.
