ecoTech Grants
Grades: K; 1st; 2nd; 3rd; 4th; 5th; 6th; 7th; 8th; 9th; 10th; 11th; 12th
http://www.captainplanetfoundation.org/grants/
up to $2,500
ecoTech Grants were created to combat the notion that students needed to choose between “the screen” or “the green” and to encourage educators and students to explore the role technology can play in designing and implementing solutions to some of our most pressing environmental challenges. We believe that technology can present innovative ways to address environmental challenges – and that when dealing with digital natives, we do ourselves a disservice by asking them to unplug. Examples of previous ecoTech Grant funded projects have involved: the integration of robotics and sensors to explore water bodies, collect data, and organize clean-ups; the development of aquaponic and hydroponic systems using arduinos and remote sensing; renewable energy design challenges; biotechnology research; nature-based design applications; and many others.

Grants
Program brings fruit tree orchards to schoolyards, so students can make a positive environmental impact at their school, while creating a source of tasty snacks for decades to come. Orchard donations involve a 12-20 tree minimum to public or nonprofit schools. The trees, materials, orchard installation design work, and onsite environmental curriculum with students are all donated.

Free 3 day overnight Field Trip

**Free Overnight Field Trips**

Vida Verde

Grades: 4th;5th;6th

https://www.vveducation.org/teachers/#schedule-a-trip

Need to plan and sign up well in advance. Vida Verde is a 3-day, 2-night environmental outdoor education camp. Trips are a non-stop, jam-packed flurry of charged activities during which teachers and students experience both educational and personal growth. During our three days together, the home base of the trips is the 100 acre OVF camp on San Gregorio Creek. For maximum exposure we also travel to a nearby organic farm (a 300 acre facility with goats, a teaching kitchen, solar power, chickens, composting, and vegetable production), Sam MacDonald County Park to hike and explore the redwoods and creeks, and Pescadero State Beach & Marsh Natural Preserve to explore those ecosystems, tidepools, and play at the water’s edge! Eligibility: Vida Verde programs are offered to schools for which 85% or more of the students qualify for free/reduced price lunch AND who do not otherwise have an overnight environmental education opportunity in grades 3-6. The programs are offered to 4th, 5th, and 6th graders. One grade per school is served, giving each student passing through your school a chance to come to V.V. Groups are limited to 30 students per trip at Vida Verde.
