I think this experimental record ….

	unclear or incomplete	partial, missing key ideas	uses vocab, clear, complete
Identifies a clear focus question.			
Tells me what is already known or observed in complete sentences.			
States a testable hypothesis and prediction.			
Describes a procedure to test this idea with simple steps and pictures.			
Shows the data collected in multiple trials with words, drawings, and/or numbers.			
Discusses how data varied and what might have affected results			
States clear opinion about what data might mean, with supporting evidence.
